

The Samooh believes in one humanity and one god. Being the children of the same Mother, we all should grow collectively and attain peace, prosperity, uniformity and happiness without any conflict amongst us. The world is split into groups, castes, creeds, race etc.

Therefore, in order to inculcate the true spirit of universal brotherhood, it is essential that all barriers erected by different countries and nations be removed. Under one ideology, discipline and organization, people should work together, without any discrimination - for the betterment of all. This is the dream that guides our lives in different fields - social, religious, economic, political, cultural etc.

Parampujya Aghoreshwar had following vision behind formulation of Nineteen Point Programme:-

"The reason of having a nineteen-point programme of Sri Sarveshwari Samooh is that we must do whatever is possible for us while maintaining our role towards our children and other members in the family. There is no need of constructing an abbey or hut. Our houses itself will be our Ashram."

In order to achieve its objectives, the Samooh has adopted a Nineteen Point Programme as enlisted below:

1. Serve the handicapped and the lepers.
2. Provide the desired help and affection to the distressed people.
3. Arrange food, clothes and medicines for people affected with natural or supernatural calamities.
4. Make the disabled, dumb and blind people self dependent.
5. Set up a blind relief fund, organize eye 'yajnas' (camps) and distribute sticks with bells to the blind.
6. Set up a fund to provide brooms in temples, mosques and churches from time to time.
